After completing, fax or e-mail this form to the fax number or e-mail address shown above. Be sure to include your contact information via a cover sheet.

Please complete this form to determine if your doors can be secured by our standard security latches.

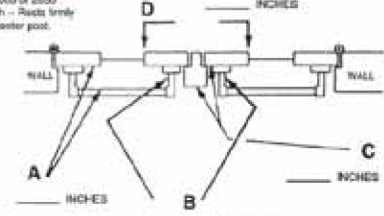

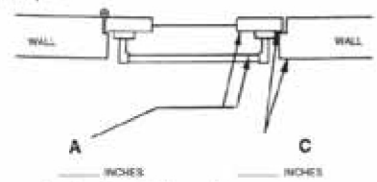

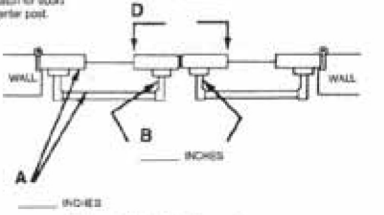

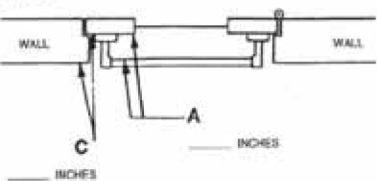

All dimensions must be filled in completely. Give all measurements in inches.

A The distance between the inside face of the door and the panic bar. NOTE: The panic bar mechanism must be in the locked or released position to make this measurement.

B The distance across the panic bar hinge arms.

C The distance from the inside face of the door to the inner most surface of the center post.

D For doors with glass, please include dimension D. The distance between the glass windows.
