

# A noiseless seat

for reflective or individual learning. [CrashPod™](#)

**Our company is grounded in the belief that the choice is theirs.** It all started 10 years ago when product designer Avron Levin stumbled upon a problem facing the modern classroom –Learner needs. Restrictive, static and one-size-fits-all, traditional seating didn't offer the motion, mobility, and comfort required for learner engagement. And education itself was changing; influenced by the growing intentional design movement, educators were now demanding products and spaces that would facilitate a future-ready pedagogy. And so was born the first generation of the RockerOtt. A decade later, NorvaNivel is a leader in innovative learning spaces, and the RockerOtt is an educational favorite around the world.

**Foam-filled for lasting comfort.** CrashPod cushions are uniquely designed to retain their shape. These are a staple in any and every learning space and are ideal for reflective or group work.

## Specifications:

# CrashPod™

### Key Dimensions:

Length: 47"  
Height: 35"

### Product Characteristics and Performance:

#### External:

- Standard High Commercial Grade Fabric and Vinyl.
- Further details provided on specification.
- Full vinyl specification available through:  
<https://spradlingvinyl.com/catalog-patterns/silvertex/>  
<https://spradlingvinyl.com/catalog-patterns/guardian/>

#### Foam Properties:

- Color: Mixed Color
- Density: 1.70 – 1.80 lb./cuft.
- Indention Force Deflection: 72 - 82 lbs. (25% deflection)
- Compression Modulus: 2.0 (min)
- Tear Strength: 1.0 lb./in (min)
- Tensile: 12 PSI (min)
- Elongation: 150% (min)
- Resiliency: 50%
- Compression Set Loss @ 90%: 10% (max)
- Microbial Resistance: Pass (ASTM G 21)
- Flame Resistance: Pass (California TB117-2013)
- All physical properties testing is conducted following ASTM D3574

#### Warranty

- Warranty of product covers a 10 year period
- Fabric and vinyl warranties to be passed on by the manufacturer of materials
- Warranty is a structural warranty over the correct use of the product
- Refer to NorvaNivel standard warranty document for details

#### Assembly

Item comes fully assembled

#### Packaging

Items packaged in box or wrapped

#### Age Group

K-12 and Higher Ed
