

# MEEK MIRRORS. A REFLECTION OF QUALITY.

Finish your project with Meek Mirrors, the world's most brilliant, scratch resistant and environmentally friendly mirrors. From luxury hotels and offices to sports arenas and schools, Meek mirrors are a reflection of quality.

**Meek is your mirror specialist.**

Since 1961, we have set commercial mirror standards with over two million installations worldwide. Framed or unframed, Meek will add further brilliance to your designs.

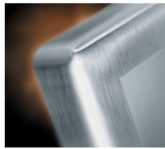

Meek uses Guardian's UltraMirror™ and DiamondGuard® because they outshine and outlast the rest. Together, Meek's frames with Guardian's mirrors are the world's most beautiful, reflective and durable mirrors.

**UltraMirror:** Guardian developed UltraMirror to be durable, beautifully reflective and copper-free, helping projects achieve LEED certification and "green building" designation.

**DiamondGuard:** A unique and proprietary coating that uses patented Guardian technology to deposit a diamond-like protective layer on glass. It offers the same level of beauty, longevity and quality with the addition of scratch-resistant performance that is 10 times harder to scratch and easier to clean. It is perfect for schools, retail, sport complexes and casinos.

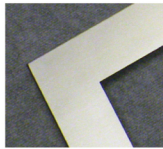

UltraMirror and DiamondGuard are registered trademarks of Guardian Industries Corp.

For specifications and more information about Meek Mirrors products including ADA and Tri-View mirrors, custom applications and Guardian mirrors, visit [meekmirrors.com](http://meekmirrors.com).

**angle frames**

With hand welded and polished corners, these stainless steel frames set the design standard with Guardian's brilliant UltraMirror. Custom sizes, colors and finishes are available.

**designer frames**

Make an impact in your design with wider frames, custom built to your specifications. Frames also look great with art and photographs. Who knew theft resistance and low maintenance could look fabulous?

**channel frames**

Choose Guardian's DiamondGuard with this mirror frame for a bright, economical and durable stainless steel framed mirror. Two minute install and one minute replacement. Theft resistant.

**custom colors**

All angle frames are available with vibrant custom colors and finishes for those special projects. An excellent addition to casinos and hotels.

**beveled and polished edge mirrors**

If not a framed mirror, then accent the room with a beveled or polished edge mirror.

**demonstration mirror**

A reflection for schools, kitchens and laboratories. Meek's stainless steel framed demonstration mirrors are the choice of instructors worldwide.
